

UCAS widget for teachers and advisers

What?

The UCAS widget has been designed to be hosted on your school or college's website or Virtual Learning Environment (VLE), to link your students and their parents to important information about higher education and the UCAS application process.

Through simple and intuitive navigation, it's easy for users to increase their knowledge of the information and advice UCAS has to offer. The content will be reviewed regularly by UCAS so it remains up-to-date and relevant.

Why?

Parents and carers with little or no prior knowledge of higher education can find it hard to understand how best to support their son or daughter throughout the process. By embedding this free, easy-to-use widget on your website or VLE, your students and their parents can access the information they need, when they need it.

How?

The widget couldn't be easier to host on your website or VLE – just ask your IT team to follow the instructions overleaf.

The technical bit

Hand this flyer to your IT team – they'll know what to do.

Tech specs

Size: width = 300px
height = 250px

Compatibility: IE9 and above, Firefox, Chrome, Safari

Code:

```
<!--UCAS Adviser widget iframe -->  
<iframe id="ucas_adviser_widget" src="https://www.ucasdigital.com/widgets/advisers/ucas-adviser-widget.html" width="300" height="250" frameborder="0" scrolling="no"></iframe>  
<!-- end UCAS Adviser widget iframe -->
```

Instructions for embedding the widget on your website

1. Decide where on your website or VLE you would like the widget to be placed. The size of the area required is width = 300px, height = 250px.
2. Copy the iframe code block above. Depending on your content management system, you might only need to copy the URL (<https://www.ucasdigital.com/widgets/advisers/ucas-adviser-widget.html>).
3. Paste the code (or URL) in to the <body> tag of your chosen webpage, in the required location. The code can also be pasted into <div> tags, with the above size specifications.
4. The widget will be displayed where you have pasted the code.

If you have any questions about the widget, or about how to use it on your website or VLE, take a look at the 'Guides and resources' page in the advisers section of ucas.com. For full terms and conditions, go to www.ucas.com/widgetterms.
